4. Enter email address associated with Great Dames and your first name

The screenshot shows a web application interface with a modal dialog box titled "Forgot Username/Password". The dialog box contains the following text: "Enter your email address below. If your email address is on file, your user name and a new password will be emailed to you. If your email address is used by more than one member, you may also enter your first name to help us identify you." Below this text are two input fields: "Email Address" and "First Name". At the bottom of the dialog are two buttons: "OK ✓" and "Cancel ✕".

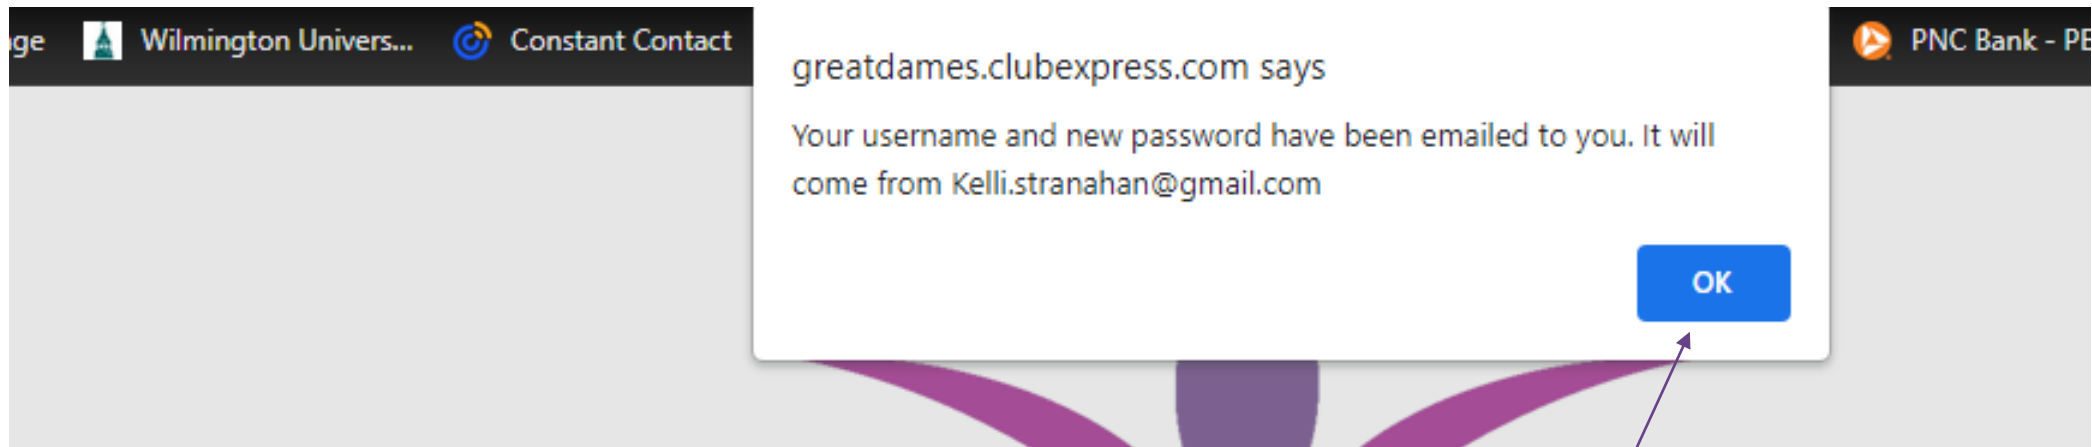

Annotations with arrows point to the input fields and the OK button:

- An arrow points from the text "Enter email address" to the "Email Address" input field.
- An arrow points from the text "Enter first name" to the "First Name" input field.
- An arrow points from the text "Once information is entered, click OK" to the "OK ✓" button.

In the background, the main login page is visible, showing a "Login" header, a "Please enter your user name and password and click 'Login'. Your user name is not case-sensitive but your password is" instruction, and input fields for "User Name" and "Password". There is also a "Remember me on this computer" checkbox and a "Do not select this option on a shared or public computer" warning. At the bottom, there are buttons for "Login", "Cancel", and "Forgot My Username/Password".

Password Hints

A password strength indicator will give you a score on your selected password as you type. Note that this is for your information only - this web site does not enforce specific password rules.

Some tips for a strong password:

- Do not use common, obvious passwords like 'password' or '123'
- Do not use easily guessed passwords like your first name or your birthday
- Include a mix of upper- and lower-case letters and numbers
- Add punctuation and other special characters
- Longer is better
- A 'passphrase' is often better than a complex password. For example, 'My favorite color is ecru' is a very strong password; it is easy to remember and hard to guess

Once password is confirmed, click save
